(a) All applicants for licensure shall consent to a criminal history record check. The Board shall ensure that the State and national criminal history of each applicant is checked. The Board shall be responsible for providing to the North Carolina Department of Public Safety the fingerprints of the applicant to be checked, a form signed by the applicant consenting to the criminal history record check and the use of fingerprints and other identifying information required by the State or National Repositories, and the fee required by the Department of Public Safety for providing this service, and any additional information required by the Department of Public Safety. If, after reviewing the factors, the Board determines that the grounds set forth in G.S. 90-363 exist, the Board may deny licensure of the applicant. The Board may disclose to the applicant information contained in the criminal history record check that is relevant to the denial. The Board shall not provide a copy of the criminal history record to the applicant. The applicant shall have the right to appear before the Board to appeal the Board's decision. However, an appearance before the full Board shall constitute an exhaustion of administrative remedies in accordance with Chapter 150B of the General Statutes.

(d) The Board, its officers, and employees, acting in good faith and in compliance with this section, shall be immune from civil liability for denying licensure to an applicant based on information provided in the applicant's criminal history record.

§ 90-361. Provisional licenses.

The Board may grant a provisional license for a period not exceeding 12 months to any individual who has successfully completed the educational and clinical practice requirements and has made application to take one of the examinations required under G.S. 90-359.
