Upon service of the order, the licensee to whom the order is directed shall immediately cease the practice of medical nutrition therapy in North Carolina. - (c) Contents of Affidavit. The affidavit must state all facts the party deems to be relevant to the disqualification of the Board member.
- (d) Timeliness and Effect of Affidavit. An affidavit of disqualification shall be considered timely if filed 10 days before commencement of the hearing.
- (e) A party may file and serve a motion for disqualification less than ten days before or during a hearing only when the motion is based on newly discovered evidence that by due diligence could not have been discovered in time to file a timely motion. Under these circumstances, the hearing shall continue with the challenged Board member sitting. Petitioner shall have the opportunity to present evidence supporting their petition, and the petition and any evidence relative thereto presented at the hearing shall be made a part of the record. (b) Any exceptions to the procedure during the hearing, the handling of the hearing by the administrative law judge, rulings on evidence, or any other matter must be written and refer specifically to pages of the record or otherwise precisely identify the occurrence to which exception is taken. 21 NCAC 17 .0516 DISCIPLINARY COSTS

(a) The Board may recover against a licensee or license applicant, found to be in violation of the Act or rules adopted by the Board, the following costs of disciplinary actions incurred by the Board for the investigation, prosecution, hearing, or other administrative action:

- (1) witness fees and statutorily-allowed expenses for witnesses;
- (2) direct costs of the Board in taking or obtaining of depositions of witnesses;
- (3) costs incurred by reason of administrative or staff time of employees of the Board directly attributable to the action leading to the final decision or order; and
- (4) costs incurred by reason of legal fees charged to the Board directly attributable to the action leading to the final decision or order.

These costs may be assessed by the Board pursuant to final decisions or orders of the Board following an administrative hearing pursuant to Article 3A of Chapter 150B of the General Statutes. 21 NCAC 17 .0517 DRUG TESTING AND INTERVENTION

(a) When information of suspected impairment of a licensee is received by the Board, the Board shall conduct an investigation and routine inquiries to determine the validity of the report.

(b) Licensees suspected of impairment may be required to submit to personal interviews if the investigation and inquiries indicate the report may be valid.

(c) The Board shall have authority to compel a licensee to submit to a mental or physical examination, including drug and blood alcohol testing, by physicians designated by the Board, if there is a reasonable suspicion that the licensee is consuming drugs or alcohol to such an extent or with such frequency as to impair the licensee's ability to practice dietetics or nutrition. The cost of examination shall be borne by the licensee being examined. The failure of a

dietitian/nutritionist or nutritionist to submit to such an examination when so directed constitutes an admission that the licensee is unable to deliver dietetics or nutrition services with reasonable skill and safety, upon which a default and a final order may be entered without the taking of testimony or presentation of evidence, unless the failure was due to circumstances beyond the licensee's control. A licensee affected under this Paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that the licensee can resume the competent delivery of dietetics or nutrition services with reasonable skill and safety. Neither the record of the proceedings nor any order of the Board based solely on a licensee's failure to submit to an examination shall be deemed by the Board to constitute a conclusive determination that the licensee engaged in any particular conduct.

(d) Information received by the Board related to a mental or physical examination of a licensee conducted by a licensed health professional shall remain confidential as a medical record but shall be freely exchanged with the Board or its authorized agents, for the purposes of the investigation.

(e) Information gathered shall be used to determine whether the licensee is a chronic or persistent user of intoxicants, drugs, or narcotics to the extent that the same impairs their ability to practice dietetics or nutrition.

(f) The Board may make arrangements for a licensee with impairments to participate in intervention, treatment, and a monitoring program without disciplinary action.
